

## FIGHT DESPERATELY AT TCHALASSA LINES

Wounded Arriving at Constantinople Show Turks Offer Fierce Resistance

## MAY BE LAST BATTLE

Bulgaria May be Content to Establish Winter Quarters and Await Peace Negotiations.

## DIPLOMATS ARE KEPT BUSY

Judging by all precedents in the present war, the news from Constantinople tonight is the herald of another Turkish defeat at the Tchalassa lines, where a battle has been proceeding for the last two or three days.

The Turkish admission that so many wounded are arriving at the capital as to show that the Turks are offering fierce resistance, has great significance in view of the previous admissions of a similar nature and may be regarded as preparing the public mind for another disappointment. It may be quite possible that this will prove the last great battle of the campaign.

There are indications that Bulgaria may, after all, forego a triumphal entry into Constantinople. According to some reports Bulgaria will be content with finding suitable winter quarters for her army while the peace negotiations are going on and subsequent settlements are being arranged.

The question of mediation has been made another step forward in an announcement from Paris tonight that the Austrian government has agreed to join with the other powers in transmitting Turkey's request for mediation to the allies and in inquiring on what terms the allies are disposed to accept mediation.

The revelation of the danger to European peace lying in the antagonistic interests of Austria and Serbia appears to have quickened the sense of the powers and probably of the Balkan states also, to the imperative need of working in amicable cooperation to procure a settlement of the Balkan problems acceptable to all the parties concerned.

There still is talk in Vienna of sending an ultimatum to Serbia and other warlike reports, but it is believed Germany is exercising an ameliorating influence in the direction of persuading both Austria and Serbia to consent to a postponement of the settlement until the whole matter can be dealt with by the European conference.

Meanwhile diplomacy is active in all the European capitals. It is understood that after his important mission at Budapest is concluded Dr. Daneff, president of the Bulgarian chamber of deputies will go to the other European courts to explain the views of the allies. The Serbian premier, M. Pachitch, after an important cabinet meeting, left Belgrade tonight for Uskup to consult with King Peter on the situation.

The reported mobilization of Austro-Hungarian forces is denied at Budapest. Rumania, however, is taking certain military measures with a view to being prepared for eventualities. The war minister has issued an order to all the army corps that half the contingent which was to have been dismissed November 14th, is to be retained with the colors until further orders.

No late news of importance has been received from Adrianople, Scutari or other points where the armies of the allies have the Turkish troops in close quarters.

Cholera Attacks Bulgarians. Constantinople, Nov. 11.—Cholera has appeared among the Bulgarian troops, according to reports. The number of wounded soldiers reaching the capital is increasing to such an extent that the war office has decided to send contingents to Asia Minor. Every possible accommodation in the capital is being utilized for the case of the wounded. Several barracks buildings have been transformed into hospitals and two large warehouses in the suburb of Kadikoi were opened today. The Unionists and other political clubs, temporarily closed by order of the government, also have been converted into hospitals. An official bulletin says that during the last twenty-four hours six new cases of cholera, with two deaths, have occurred among the refugees.

Turks Driven Back. Sofia, Nov. 11.—A despatch from Seres in Macedonia, dated November 9th, says that a reconnaissance Friday afternoon disclosed strong Turkish forces occupying the heights of Alivatoe and Ilo. After a desperate fight the following morning the Turks retreated toward Saloniki pursued by the Bulgars, who soon after were informed that Saloniki had surrendered to the Greeks.

But as the enemy who had opposed the Bulgarians had not capitulated, General Theodoroff ordered the forward movement removed. This later was countermanded, as the Turks continued to retreat without fighting and the Bulgarians resumed their march on Saloniki.

## DESCRIBES NITRO GLYCERINE "JOBS"

McMANIGAL RELATES CAREER AFTER DISCARDING DYNAMITE

Tells How He Carried Nitro Glycerine on Passenger Trains By the Dozens of Quarts, Also How He Had Caused Many Explosions in the East.

INDIANAPOLIS, IND., NOV. 11.—From that part of his career when he had discarded dynamite and was resorting to use of nitro-glycerine which he carried about on passenger trains by the dozens of quarts, Orrie E. McManigal related at the "dynamite conspiracy" trial today how he had caused explosions at Cleveland, O., Jersey City, N. J., Pittsburgh, Pa., Omaha, Neb., and Superior, Wis.

He named Peter J. Smith, Cleveland; George "Nipper" Anderson, Cleveland; Charles Wadsworth, Detroit; Fred Mooney, Duluth, Minn.; and Eugene A. Clancy, San Francisco, all labor union officials, besides those he previously had mentioned, as being among the forty-five defendants who knew he was employed by the iron workers union to blow up work under construction by "open shop" contractors.

Carrying twelve quarts of nitro-glycerine in the company of Herbert S. Hockin from a hiding place in an old cooper shop at Rochester, Pa., McManigal testified he delivered the explosive to Smith and Anderson in Cleveland to be used by them in blowing up a building at Akron, O., July 4, 1910. The witness said he was to have done the "job" but Smith insisted it had been promised to some one else.

"They didn't know how to use the alarm clock arrangement we had for setting off bombs," said McManigal, "so I was sent to Chicago to forward 100 feet of fuse by special delivery. It arrived in time and the Akron job was blown up July 7.

At Jersey City, Frank C. Webb, a New York witness said showed him a job that was to be blown up. McManigal said that the night of July 9 he placed two bombs in some girders on the job. Next morning the newspapers published accounts of the explosion. At Pittsburgh, the witness said, he bought a dozen alarm clocks and on July 15 blew up a job at McKees Rocks.

On his return to Indianapolis he heard the McManigal brothers talking about jobs on the coast and that James B. was to go there. On the way to Chicago, McManigal said, James B. McManigal told him he expected to be three months on the coast and to give special attention to Los Angeles. July 21 the witness blew up a job at Omaha, using eight quarts of nitro-glycerine for that purpose. A job at Superior, Wis., was blown up Aug. 1. In this case he used part of 14 quarts of nitro-glycerine given him by J. J. McManigal, the witness said.

McManigal was telling of his start for Rochester, Pa., to procure 20 quarts of nitro-glycerine for use in an explosion at Kansas City, Mo., Aug. 23, when court adjourned.

## REORGANIZATION OF REP. AN PARTY ALONG PROGRESSIVE LINES

Report is that Senators Cummins and Kenyon of Iowa, and Hadley of Missouri, have Entered Into Movement.

WASHINGTON, Nov. 11.—A report coming from Iowa that Senators Cummins and Kenyon of that state and Governor Hadley of Missouri, had entered into a movement for the reorganization of the Republican party along Progressive lines, was the basis of much comment here today. The only Progressive senators in the city were Senator Dixon of Montana, who managed Colonel Roosevelt's campaign, and Senator Works of California, who refused to support either Roosevelt or Taft. Senator Dixon was inclined to attach very little importance to the movement, and Senator Works to favor it.

"What can they do in view of the fact that we took four million votes from the party?" Senator Dixon asked. He refused to discuss the question of affiliation with the Progressives with either the Republican or the Democrats, but declared the purpose of the Progressive party to continue its independent course in the nation at large. Senator Works warmly endorsed the Cummins-Kenyon-Hadley idea. "If it is going to live, the Republican party will have to change front," he said. "The reactionary or conservative leaders will have to give away to the Progressives. The result of the late elections proves this beyond controversy."

## BEGIN EMBEZZLER'S TRIAL

CHICAGO, Nov. 11.—Trial of George W. Fitzgerald, former sub-treasurer, for the alleged theft of \$173,000 from the Chicago branch of the treasury department, today was postponed until tomorrow. ## WELCH RETAINS TITLE

## QUITMAN CHARGED WITH FAVORING VICE AGENTS

SECRETARY OF WOMAN'S PROTECTIVE LEAGUE BEFORE COMMITTEE

Said to be so Closely Identified With Agents of the Underworld That He Signed Notes for Them—Quitman's Attorney Denounces Notes As Forgeries.

CHICAGO, Nov. 11.—Charges that Louis M. Quitman, secretary of the Woman's Protective league was so closely identified with vice agents that he had signed notes for them, were made today by Attorney Carl Waldron of the committee of fifteen at the close of a heated session of the council vice committee.

Waldron produced a photographic reproduction of a note for \$100 purported to have been given Michael Heiter, who has been involved in several levee district scandals by Quitman.

According to Waldron, eight other similar notes are outstanding. Attorney Popham speaking for Quitman denounced the note as a forgery. Reformers who were in the room jeered the statement.

Rev. P. J. O'Callahan of the Paulist Fathers of St. Marys church, Chicago, in a sensational address to the vice committee this afternoon advocated toleration of segregated vice districts until the social evil can be abolished.

Father O'Callahan assailed social conditions as being the result of false teachings and mistaken doctrines by educators and medical men. "The medical profession," he declared, "has made the social evil what it is by its false teachings and mistaken doctrines which are responsible for the depravity of today. The law can stem practices aroused by these years of false doctrines."

Peas' Wrong Impression. Rev. P. J. O'Callahan, of the Paulist Fathers tonight explaining his address before the vice committee which had been interpreted as advocating a toleration of segregated vice-districts until the social evil can be abolished, declared he is against segregation and not for it.

"All of us ought to condemn segregation as a policy to be sustained by any sort of public official. All of us ought to support every rational effort at elimination of the social evil. Violent treatment applied to the worst ulcer spots may scatter contagion instead of purifying the social body.

"If we could trust our city government and police to force maintenance of a consistent and persistent effort to suppress the underworld into the narrowest possible confines, I believe we should regard the resulting condition the best that is possible under the present circumstances. We must sustain our public officials consistently and persistently until we eradicate the evil, as far as it can be eradicated."

## DECLARES TARIFF AND BANKING REFORM BIG ISSUES BEFORE PEOPLE

Oscar W. Underwood in Letter States His Views as to What Democrats Should Do.

Chicago, Nov. 11.—J. Laurence Laughlin, chairman of the National Citizens' league for the promotion of a sound banking system today made public a letter from Oscar W. Underwood, Democratic floor leader in the house of representatives in which the Alabamian declared that the tariff was first and banking reform second as the big issues before the American people. The letter in part follows:

"In reference to future legislation, I believe that the foremost matter is an honest downward revision of the customs tariff taxes and I believe that this revision should be entered upon at once and nothing allowed to interfere with it until it finally becomes a law.

"A matter that I consider of importance second only to that of tariff reform is a complete revision of the banking and currency system of the United States.

"It is possible that we have not progressed far enough at this time to arrive at a settlement of the definite details of the measure that should be enacted, but it is certainly a matter which the Democrats must take up and settle."

The letter concluded by stating that Mr. Underwood favored a special session of congress to take up the subject of the tariff.

## MEET IN MILWAUKEE TODAY

## ROOSEVELT ISSUES FORMAL STATEMENT

TALKS OF ELECTION AND FUTURE OF PROGRESSIVE PARTY

Declares Party Has Come to Stay and that Party Supporters Will Not Rest Content Until Every Feature of the Progressive Platform Has Been Put Into Effect.

NEW YORK, NOV. 11.—Theodore Roosevelt made a formal statement tonight bearing upon the election and the future of the Progressive party.

In line with previous expressions of his own and of his colleagues he reiterates that the "Progressive party has come to stay" and "so far from being over, the battle has just begun."

"What the Progressive party has done since the theft of the Republican organization by the Republican bosses at Chicago last June is literally unparalleled in the history of free government, worked under representative institutions. Three months have gone by since some hundreds of earnest men and women gathered to found the new Progressive party. Without much money, without any organization against the wealth of the country, against the entire organized political ability of the country, against the bitter hostility of ninety per cent of the press of the country, against the furious opposition of every upholder of special privilege, whether in politics or in business and with the channels of information to the public largely choked—the Progressive party polled between four and four and one-half million votes, has hopelessly beaten one of the old parties, both in the electoral college and in the popular vote; has taken second place in the nation and either first or second place in some thirty-seven out of forty-eight states. No task in any way approaching this has ever before been performed by any party in any other country. Such a feat performed by volunteers has brought together, and without any previous co-operation with each other against the trained veterans of the political arena—these trained veterans including the entire mercenary forces of politics—should be a source of pride not only to those who performed the task but to all believers in good citizenship and in the capacity of Americans for self-government."

"During the campaign I said repeatedly that this was in no shape or way a one-man movement, but a movement for great principles—a movement which has sprung as all healthy movements in our democracy must spring from the heart and conscience of the people themselves. This truth must be kept steadily before the minds of all of us. The Progressive party has come to stay. If either of the old parties will endeavor to put into legislation any one of our plans, I count upon our hearty support in doing so. We will not rest content until the entire platform is enacted into law and becomes part of our political system, national and state."

"I am proud indeed that the great good fortune has been mine to fight shoulder to shoulder with the men and women who in the ranks and in various positions of leadership have waged this great battle for social and industrial justice. So far from being over, the battle has just begun. We will not rest content until every feature of the Progressive program has been put into effect; and when this has been done, unquestionably there will have opened to us new avenues along which it will still be a duty to work for the moral and economic betterment of our people."

## WOULD DEVISE PLAN FOR UNIFORM WAREHOUSING ALL FREE PRODUCTS

Farmers' National Congress Take Preparatory Steps to Enable Farmer to Hold Products For Market.

New Orleans, La., Nov. 11.—At the closing session of the Farmers' National congress today preparatory steps were taken toward devising a plan for the uniform warehousing of all farm products, with a view of enabling farmers to hold their products so as to obtain suitable prices.

Resolutions against the abridgment of the press, as contained in the recently enacted postoffice appropriation act and in favor of the creation of a bureau of markets in the department of agriculture was adopted.

It was announced that the next congress will be held at Plano, Ill.

## KILL MAN THEY ROBBED

George Blake, of Moberly, After Being Held Up, Gets Gun and Searches for Bandits.

MOBERLY, Mo., Nov. 11.—George Blake, of this city, was shot and killed here tonight by two tramps who had robbed him half an hour before. Blake and three companions were held up by the tramps and Blake later securing his shotgun went in search of the robbers. They were hiding behind a pile of steel rails and shot Blake as he came suddenly upon them.

The tramps escaped to the dense woods west of the city where they were joined by ten companions, all of whom were armed. A posse of officers, who left here tonight expected a battle with the tramps before morning.

## COMMENDED FORWARD MOVEMENT

The report highly recommended the labor forward movement organization in Minnesota for spreading the union labor doctrine.

Mr. Gompers discussed at length the efforts of the American federation to organize workers in the steel

## GOMPERS SAYS UNION LABOR IS ADVANCING

PRESIDENT OF AMERICAN FEDERATION OPTIMISTIC IN ANNUAL ADDRESS

Points to Increase in Membership of Organization Which is Reaching Out to High Ideals—Reference to Compulsory Arbitration Laws Brings Applause—Other Officers Make Favorable Reports.

ROCHESTER, N. Y., Nov. 11.—Declarations that union labor is making giant strides towards its ideals and bright predictions for its future were contained in the reports of the officers of the American Federation of Labor at the opening of its thirty-second annual convention here today. These reports with a partial report from the credentials committee and the appointment of convention committees occupied the sessions. The attendance was not as large as had been expected, only 356 delegates being seated.

President Gompers twice referred to the McManigal case; once in his annual report when he reviewed the Los Angeles situation and urged a movement for the general improvement of the conditions of the iron workers and again, indirectly, in his opening remarks when he protested against the holding up of the "detracts of unionism as examples of what that movement stands for. No organization of men, President Gompers declared, represent a greater power for the advancement of humanity along right lines.

"The forms of labor war have been constantly refused," he said, "we workers don't employ the methods of slaves."

Gompers' report was given close attention and frequently interrupted by applause. This was especially marked when he declared against compulsory arbitration laws, and for the recall of judges in the states and the re-appointment of federal judges every four years.

## PRESIDENT ELECT STILL UNDECIDED

MAY OR MAY NOT CALL EXTRA SESSION TO REVISE TARIFF

Wants List of Public add Business Men Who Have Declared Themselves for or Against the Extra Session—Does Not Believe Bryan Would Decline Cabinet Post.

PRINCETON, N. J., NOV. 11.—President-elect Wilson has his mind open on the question as whether he shall call an extra session of congress to revise the tariff.

He asked the newspaper correspondents tonight to obtain for him a list of the public men and business men who had declared themselves for or against the extra session. Though the governor has tried to follow closely in the newspapers the various expressions of opinion, he said tonight he was afraid he might have missed some of them in his reading and that he was anxious to get all the opinions before him.

It is known that Governor Wilson has a high regard for the opinion of Oscar Underwood, the majority leader of the Democrats in the last session, and that in making up his mind he will give careful attention to Mr. Underwood's arguments. Mr. Underwood is reported as favoring an extra session.

"I refer not only to members of congress, but to all important Democratic leaders."

The president-elect was asked if he had received many requests that an extra session be called.

"No, I have not," he replied, "but I can only answer for the telegrams. I have had none among the telegrams. My secretary has sifted out most of the letters and I know as yet only of their general nature, and I do not think they touch on a special session."

A newspaper despatch from Washington was called to Governor Wilson's attention declaring that his friends of the William Jennings Bryan had said Mr. Bryan would decline a post in the cabinet.

"Oh, but Mr. Bryan did not say that," remarked the governor, "that was just a piece of dope."

The future president was invited today to spend his winters at Columbia, S. C., his old home. A committee from that state officially informed him of the purchase by the state of his boyhood home and that it was being remodelled for his use as a winter home and that it had been placed at his disposal "for a period of six years." It is probable that the Wilsons will spend part of their winters there.

The governor was much pleased and recalled incidents of his boyhood days at the old homestead and described the house and its surroundings. The attention of the governor was called today to a newspaper editorial which said that his conceptions of the presidency could be found in his book on "Congressional Government."

"I wrote that when I was 28 years old," said the governor. "I haven't read it since so I don't know whether I have changed my opinions or not."

## FOURTEEN DIE AND NINETY INJURED THROUGH BRAKEMAN'S NEGLIGENCE

Is Sent Back to Flag Train But Fails and Heavy Freight Crashes Into Excursion Train.

NEW ORLEANS, Nov. 11.—Fourteen persons were killed and ninety hurt in a wreck on the Yazoo & Mississippi Valley railroad at 12:20 this morning caused, according to railway officials, by the negligence of a flagman, Cunningham.

It is said Cunningham was sent back from a crowded excursion train that had stopped on a curve to flag a freight train, but that he failed and the heavy freight engine ploughed its way through the rear coach of the ten car excursion train. Cunningham disappeared soon after the crash.

Of the killed, four were white women, one a white infant yet unidentified, four negro women and five negro men, a majority of them residents of towns near Mountz, La., where the wreck occurred. Forty-one of the injured are white and 49 negroes.

Three of the wounded may die. Soon after the crash the wreckage caught fire and it was with difficulty that those not injured rescued the injured from the flaming mass of steel and wood.

## FIELD TRIALS AT HUTSONVILLE

Hutsonville, Ill., Nov. 11.—Twenty-five states were represented in the fourteenth annual field trials of the Independent Field club. One entrant is from Manitoba, Canada. About 75 men are following the trials.

Ten braces were run and the five remaining braces are expected to be run by Friday. The scarcity of birds has made the trials difficult. The judges are Norvel T. Harris of Linden, Ky., and Dr. J. A. Wheeler, of Springfield, Ill.

Dr. Wheeler is the state field inspector of Illinois.

## DENEEN WILL CALL NO SPECIAL SESSION

Attorney General Says Last Legislature Could Not Legally Elect U. S. Senator

LEWIS' ELECTION SURE

Republicans and Progressives Will Clash in Real Struggle to Name Short Term Senator.

## STATEMENT BY GOVERNOR

SPRINGFIELD, ILL., NOV. 11.—There will be no special session of the forty-seventh general assembly of Illinois for the purpose of apportioning the state and electing a United States senator to fill the vacancy caused by the removal of William Lorimer. This was made certain tonight when Governor Deneen issued a statement in which he declared that, acting upon an opinion given him by the attorney general in which it was held that the members of the last legislature were not qualified to elect a United States senator, no special session would be called.

Since the election, Tuesday, which renders uncertain the ability of the Republicans to elect either one of the United States senators in joint session of the legislature, many Republican leaders have been insistent in their pleas to the governor to call an extraordinary session in an effort to save one of the senatorial terms to the Republican party. Governor Deneen it is said has been favorable to the idea and only the opinion of the attorney general that such a session could not legally elect a senator kept him from calling the legislature together. The action of Governor Deneen in deciding not to call the special session places upon the next regular session the responsibility of electing the United States senators. With the membership of the two houses nearly equally divided between the Democrats and the Republicans and with the "Progressive" party holding the balance of power, the task of electing the two senators promises to prove to be a very interesting proceeding.

James Hamilton Lewis, the Democratic candidate for senator is practically certain of the election and the real struggle is expected to be between the Republicans and Progressives as to which shall name the short term senator.

Governor Deneen's statement was issued after the executive had conferred by letter with Attorney General Stead who is in New Orleans and in person with Assistant Attorneys General Charles Woodward and T. E. Dempsey, and with Judge Sherman, man of the executive committee of the Republican central committee also held a conference with the governor during the afternoon.

The statement of Governor Deneen follows:

"During the campaign and since election day a number of members of the legislature and others prominent in the party urged me to call a special session of the general assembly for the purpose of enacting an apportionment law and filling the vacancy in the United States senatorship from Illinois. I submitted the matter to the office of the attorney general and have been advised today that the newly elected members of the general assembly would be entitled to sit in the special session; not the old members. In my opinion therefore the matter should be taken up by the newly elected members of the general assembly at the regular session rather than at special session. Accordingly I shall not convene an extra session of the general assembly."

### PENSION PLAN FOR W. U. EMPLOYEES

Telegraph Company Has Set Aside A Million Dollars to be Used For Pensions and Benefits.

New York, Nov. 11.—The pension plan of the Western Union Telegraph company, announced last July, has been broadened to comply with the plan made public last night by the American Telephone and Telegraph company. The Western Union plans become effective next January and \$1,000,000 has been appropriated to inaugurate it. Announcement to this effect was made today.

Joseph L. Pine, local manager for the Western Union, yesterday received a circular letter from Theodore N. Vail, president of the Western Union company, outlining the plan in detail. In this letter Mr. Vail says: "It affords me much pleasure to announce that the provisional pension plan has been replaced by a permanent plan providing not only for pensions but also for sickness and accident disability and for life insurance, and that the company has set aside a liberal amount for the establishment of an Employees Benefit fund, from which beginning Jan. 1, 1913, such benefits will be paid. Briefly the plan provides for a pension of one per cent of the annual pay during the ten years next preceding retirement, for each year of continuous service, with a minimum of \$20 per month."

The insurance features of the plan will apply to all employees having relatives dependent upon them and who have been in the service of the company for five years. The whole plan evolved seems to be one which will be of great benefit to employees of the Western Union and will doubtless be greatly appreciated by them, especially as the years move along.

### SECOND FIRE AT BOARDING HOUSE.

Sunday morning about 5 o'clock boarders at Mrs. Elizabeth Pyatt's residence on South Main street discovered a fire in the kitchen and extinguished the blaze before much damage resulted. Saturday night a blaze of mysterious origin was started in one of the bedrooms and the only explanation that can be given for the second fire is that it was started by mice that had gotten matches.

Dr. E. F. Baker returned last night from Quincy, where he spent Sunday with his brother-in-law, Capt. Scholl.

Plans for a membership campaign were talked over with quite a good deal of enthusiasm and each member pledged himself to bring a new member next Monday evening. **WILSON'S PLURALITY 18,000.**  
Chicago, Nov. 11.—By the discovery of a mistake made in totaling the election returns, from Cook county it developed that Roosevelt's plurality over Governor Wilson in the county was 35,325 instead of 37,772, as first announced. This increases Wilson's plurality in the state to something over 18,000.

### POLITICAL NOTES

It's only a few days since the smoke of election cleared away, but nevertheless there is already a lot of talking among Democrats about the "eligibles" for office. The biggest plan here in Jacksonville is concerned in the Jacksonville postoffice. Postmaster J. J. Reeve, who has given a very efficient administration of postoffice affairs, however, is still on the job and as a matter of fact his term of office does not expire until June, 1914. The salary is \$3,600 a year and it is quite natural that a number of members of the local Democracy are willing to enter into a contract with Uncle Sam to manage the office. Several prominent Democrats have been mentioned in connection with this important post. Part of them are really applicants and others have simply been spoken of by their friends as suitable. The list includes Richard C. Reynolds, L. W. Chambers, Albert Knollenberg, Bernard Gause, John W. Merrigan, John S. Shepard, A. G. Burr and Alden Brown. There are doubtless a great many Democratic patriots who are considering following in the footsteps of Assistant Postmaster J. W. Harney. His position and that of Mr. Reeve are the only ones at the Jacksonville postoffice not under civil service.

George W. Wright was sworn in Monday as coroner of Morgan county and has given bond in the sum of \$50,000 with John Cherry and J. G. Reynolds as sureties. Some coroners in the past have appointed deputies to serve in their absence, but Mr. Wright has made no announcement of his intention in this line.

Circuit Clerk-elect Pyatt has given no intimation as to who he will appoint as his two deputies and in response to a question yesterday declined to mention any persons who have applied. He said, however, that he had made no pre-election promises of positions and so would not be embarrassed in any way in selecting his men. He said that thus far the matter has not been decided, but that he would certainly name men wholly qualified for the work of the office. Jewell Scott and R. L. Pyatt are two of the men that political gossip has mentioned as among deputy possibilities.

Representative Lyon of Springfield who was pressed so close in the legislative race that he thought on election night that he had been distanced feels grateful to Morgan county for the vote he got here and with reason. In a letter to a Jacksonville friend Mr. Lyon says:

"I sincerely appreciate the vote given me by the people of Morgan county. When the quarantine was raised, last Friday, and I found the workers had gone into every precinct asking for votes for other candidates, upon the statement that I was perfectly safe, I was extremely apprehensive of being defeated and gave up all hope of re-election. Then they told me at 2 o'clock Tuesday night that I was from twelve to eighteen hundred votes behind. I assure you that if there is anything that I can do extra for Morgan county, this year, I shall certainly do it."

**WOMAN KILLS CHILDREN.**

**NO FINAL DECISION REACHED.**  
Chicago, Nov. 11.—Final decision has not been reached in the matter of Shortstop Tinker of the Chicago Nationals, becoming manager of the Cincinnati National league team. It was supposed to be settled that Tinker was to be manager of Garry Herrmann's club. Manager Evers, of the Chicago club, arrived today and took the Tinker case under advisement. Evers wants certain players in exchange for Tinker.

## The Real Basis of Coffee Value

All our blends of roasted coffee are turned out with regard to their DRINKING MERITS. If we could combine good looks with drinking merit we would always do so but it is often the case when good drinking coffees are scarce, it is impossible to obtain the combination of good looks and good drinking quality. We have always found it policy to allow the looks to suffer but to keep up the standard of DRINKING QUALITY. It is much easier to turn out a good looking coffee than it is to turn out a good drinking coffee as it requires no expert to tell whether a coffee is pleasing to the eye but it does not require an expert and a very good judge to tell whether it is pleasing to the palate of the average coffee drinker. We make coffee a study and pride ourselves that we have established a reputation as one of the best judges of drinking merit.

## LOOKING FORWARD

**Jacksonville Minister Talks About This City Ten Years Hence.**

Rev. Howard D. French gives his views on Jacksonville's possibilities in the following little story:  
Scene—The Wabash sleeper out of Chicago. Two men swapping stories in the smoking room. The Jacksonville man speaks:

Do I know Jacksonville? I should say so. I live there. As dead as ever? How long since you were there? Ten years? Well, there are some things about Jacksonville you ought to know. Dead? I should say not.

Have we any factories? I can't count them. There's the woolen mills and the car shops, and the creamery, and the canning factories, and the auto factory and about a dozen other big ones, with more coming all the time. How'd they come to come? We just went after them. You thought we weren't keen for factories? Maybe not once, but we got wise. You see the business men woke up to the fact that there was value in organization. They all got back of the Business Men's association, forgot their jealousies, and everybody began to boost for the common good and to advertise their town. First they got one enterprise and then another and we all got prosperous. We owe all to the association too.

That chocolate-colored water? What are you talking about? We forgot all about that long ago. When the crowd got into the association and began to boost, that question was settled in a hurry. Public sentiment did that, and now we've got the finest, clearest water in the state and lots of it. We owe that to the association too.

Houses for the new comers? Why the whole town has expanded, clear out into the corn fields. The traction company has extended all its lines and have to run twice as many cars. And the way the whole side of the country pours into town on the interurbans would make your eyes water. How'd we get them? Oh, the association handled them.

What do the colleges say about it? Spoiled them? Well I guess not! The college people are the best boosters we have. The advertising of the town boomed the colleges. New buildings are going up and they are bringing a lot of new families and a pile of money into the town. And say, you ought to see the ministers. All these new people filled up the churches, so that the seats were all taken and some of them have had to start branches out in the growing suburbs. The ministers acknowledge that the association did it too.

Is the town as pretty as ever? Better. You see the association got a new community spirit and a committee from the men and from the Women's club have charge of the beautifying of the town. They look after the trees and even the new streets are lined with growing elms. We'll keep the town beautiful. The association will see to that.

You're looking for a factory site? Springfield? Decatur? You just look into Jacksonville. The association will see that you're treated right and will help boost your business. I tell you there's nothing like a live association to help a town. Look what it's done for Jacksonville. Drop in and see us, and we'll show you.

### SUNDAY AT BROOKLYN.

Sunday at the morning service a large number of the congregation was present at Brooklyn church and the pastor gave a sermon on "Calvary."

Rev. Mr. Alkire said that the anniversary of Christ's death was universal, but that Christ was the only man in history whose death was celebrated with a banquet.

This was communion day at the church and at the morning service seven persons were admitted to fellowship.

At the Sunday school the pastor introduced Prof. J. H. Reid as the new superintendent to succeed C. O. Bayha, who is absent from the city.

During the interim Frank Bourne has been acting as superintendent.

At the evening service the audience overflowed into the chapel and scores of strangers were in attendance.

The pastor gave a study of "Shamgar, the Farmer," and the audience closely followed him in his forty-five minute delivery. The chorus gave a splendid number at this service.

The ladies of the church will meet for an all-day sewing Wednesday. The holiday supper and banquet will be held December 12 and the Brotherhood will have a game banquet November 18.

Mrs. Emma Maier, 626 N. 7th St., Springfield, Ill., says her kidney trouble resulted from an operation.

"From then until I used Foley Kidney Pills I did not know what a wild day was. Then my backache left me, that tired dragged down feeling was gone, I slept soundly and awoke refreshed. I had no more headache or dizzy spells." Safe and sure. Try them. City Drug Store, J. A. Obermeyer.

## GOMPERS SAYS UNION LABOR IS ADVANCING

(Continued From Page One.)

industry. He outlined an extensive campaign of education among foreigners working in the steel mills.

Reviewing the legislative work of the year Mr. Gompers set forth that fifteen members of trade unions affiliated with the American Federation of Labor had been elected to the house of representatives. Of these fifteen, four are members of the house committee on labor, of which Representative Wilson of Pennsylvania, a union miner, is chairman. To the labor members of the house, Mr. Gompers gave much of the credit for the passage of a score of bills endorsed and urged by the federation of labor.

Among the measures mentioned in the report were the eight hour law, the children's bureau law, the law creating an industrial relations commission, law giving postal clerks right of hearing petition, and association, and the law prohibiting the use of white phosphorus in the manufacture of matches.

Mr. Gompers discussed fully the extension of the eight hour law as contained in the various appropriation bills for government work during the fiscal year, and in the special acts passed at the last session of congress.

The principal committee chairmanships assigned by President Gompers and approved by the convention were:

Rules—T. A. Rickert.  
Laws—John B. Lennon.  
Organization—James M. Lynch.  
Adjustment—John Mitchell.  
Federated Bodies—H. B. Perham.

## FIGHT DESPERATELY

(Continued From Page One.)

who has reached Constantinople from the war zone sends a vivid picture of the misery of the Turkish soldiers and the disorganization of the Turkish army. He says:

"We have witnessed the failure of the Turk as a soldier. We have seen him dying of hunger, worn out by fatigue, wrecked by suffering and running away after abandoning his place in the combat. I have never seen a more poignant picture of human distress than that presented by these unhappy men, thrown into one of the most terrible wars in history, without food, without medical attention, almost without chiefs, almost without arms. And at Seidler I saw a soldier whose right hand had been severed, hold out to us, begging for medical help, the stump bleeding, around which he had tied a

"I saw long lines of famished men who came to our tent begging for a crumb of bread and staggered away without a murmur of complaint when told we had none to give. I saw a thousand wounded leaving a trail of blood as they dragged themselves towards Toghlu. I saw hundreds of others fall by the wayside dying from wounds and fatigue. At Toghlu a column of soldiers, terrible in appearance, staggered through the streets in a driving rain, and windstorm. No one paid any attention to them. They had no shelter, nothing to eat. From a nearby bakery an officer threw out handfuls of bread and the soldiers fought for the loaves. More than half of them got nothing and turned away, ragged, pale and weak. All the houses were closed. Practically all the population had fled and those who remained barricaded themselves within, trembling with fear. The soldiers knocked vainly at the barred doors.

Groups shivering the cold tried the doors of stables, to seek refuge, even the stables remained inhospitable. Refugees smashed their way into shops and devoured all they found, including raw vegetables and candles and sucked at pieces of greasy wood. "I never saw such an image of inferno. One of the most miserable of the wanderers succeeded in getting into a house, where we were staying, drenched to the skin and teeth chattering. 'Take all my money; take my clothing, if you will,' he cried, 'but I beg of you to give me some bread.'

"I questioned him. He said he came from Asia Minor and had not eaten for eight days. I gave him a slice of bread and a chocolate tablet and he went away to join the remnants of the retreating army of which this was the end.

"Thus did the Turkish soldier appear to me. He seemed to have no understanding of the great drama in which he was participating, but his infinite misery and his horrible animal distress were enough to break others hearts.

"I do not know whether the accusations of a massacre are exact but so far as I have observed I can affirm that not only have the Turks committed no excesses but I believe that no army in the world under such frightful circumstances would have been more moderate, more docile."

**EBENEZER SCHOOL**A Delightful Visit Monday Morning  
By a Representative of the  
Journal.

Each time the writer visits a country school he has some especial reason for gratification and the call at Ebenezer Monday morning was no exception.

As many of the Journal readers are well aware, Ebenezer was the site or location of one of the first schools in this county and while the building has long ago perished the memory of the sainted Peter Akers and others who worked with him will ever be green in the hearts of all who love the cause of religious education.

Some of the descendants of the first settlers of the county, namely some Indians, were taught in that school and it is possible that the spirit of education and learning has filtered on down through the people of that vicinity until the present time.

At any rate, the person who has the teaching of the rising generation in that neighborhood has a bright set of boys and girls for pupils and is to be congratulated.

The last time the writer passed that way, last year, the fence was a tough proposition, but it has been replaced by a new one for which all honor to the directors. The premises are rather too small and void of attractive trees, only a few small affairs showing themselves at all and many feet on small space have unavoidably tramped down most of the grass so that the place is not quite as inviting to a bright company of young people as it should be. The coal shed is dilapidated somewhat and the building itself looks as if a new one would soon be most assuredly in order though perhaps plenty of paint, carpenter work, shutters and the like would help its appearance and make it do for a while.

The interior is fairly well supplied. The seats and desks are good the blackboard or wall all right and the general supplies are also good. The building is heated with an Oak stove in good repair.

The visitor was cordially received by W. B. Lowry, the capable teacher, and all united in making him welcome. The pupils were asked to vote on the subject they would prefer to have discussed by the caller and a majority chose Palestine and paid good attention to what was told them and showed a good degree of Bible knowledge by the way they answered questions regarding the land made sacred by the presence of the Redeemer when He was on earth.

At the close of the address they were invited to ask questions and were warned that Sherman school held the first place so far in that respect, something the writer tells every school he visits so that all may have a fair chance for the head piece and the scribble will tell the truth under all circumstances, and so he will say that up to date Ebenezer is ahead with Sherman a close second. The way these boys and girls put questions to the visitor is a caution and it is also simple justice to say that he remained some time longer than is usually the case and then had to stop the inquiries for lack of time.

A few questions on general subjects were propounded to them and they answered with good intelligence. Ebenezer is a school which any one will find pleasant to visit. The directors are W. W. Henderson, Charles Reid, Fletcher Blackburn, pupils are: Lee Reid, Henry Mason, Everett Patterson, Earl Patterson, Harold Patterson, Russell Flynn, Paul Flynn, Leo Bergland, Claude Curry, Harold Henderson, Irl Henerson, Lloyd Burmeister, Russell Burmeister, Edward Blackburn, Lilburn Kinnett, Wilburn Kinnett, Edgar Bell, Fred Masters, Rex Mason, Fannie Masters, Rosie Henderson, Mary Reid, Lida Curry, Elsie Curry, Ora Birdsell, Odessa Birdsell, Helen Blackburn, Susie Brogden, Ada Brogden, Ferreira, Doda Bell, Bessie Boston, Arametta Mason.

Studies: Reading, orthography, penmanship, arithmetic, history, geography, grammar, physiology, agriculture.

S. M. Mansfield of Springfield was a city visitor Monday.

**CREAM**  
**Baking Powder**

Purity in food, lower cost of living—these are the demands of the day.

Pure food is health, and health is economy itself. We cannot have health without healthful food.

The most healthful foods are the quickly raised flour foods—biscuit, cake, muffins, crusts and other pastry when perfectly made from wholesome ingredients.

Dr. PRICE'S baking powder makes these foods in specially attractive, appetizing and wholesome form, and for both economic and hygienic reasons, such foods should be more largely substituted for meat in the daily diet.

But bear in mind that alum, or unwholesome baking powder, can never make pure, wholesome food.

## GENERAL MARKET NEWS

### WHEAT MARKET SHOWS DECLINE

Less Warlike Tone of News From  
Europe Depresses Wheat Price—  
Predictions of Unsettled Weather  
Braced Corn.

(By Associated Press.)

Chicago, Nov. 11.—Depression over-  
spread the wheat market today in  
consequence mainly of the less war-  
like tone of news from Europe. The  
close, though firm, showed a decline  
of 1/4 to 1/2 net. Latest trading left  
corn a shade to 1/4 up, oats unchang-  
ed to 1/2 lower and provisions vary-  
ing from Saturday night's figures to  
a gain of 7/8c.

In addition to cables implying a  
better outlook for peace, wheat trad-  
ers had to confront world shipments  
a third larger than a year ago. Big  
receipts northwest and a heavy in-  
crease in the visible supply counted  
too against the bulls. Exporters in  
all directions told of poor demand,  
but a lively business with millers at  
Minneapolis led to some reaction  
from the heaviness that prevailed  
during the greater part of the ses-  
sion.

Wheat bears took special note of  
the fact that harvesting in Argentine  
would begin within a fortnight, and  
that weather and crop prospects  
there were excellent. December  
ranged from 88 1/2 to 89 1/2, closing 1/2  
lower at 89 1/2.

Predictions of unsettled weather  
braced up the corn market. There  
also were despatches from central  
and southern Illinois that mentioned  
disappointment at husking returns.

December ranged from 49 1/2 and  
50 and 1/4 to 1/2, closing firm 1/4 to 1/2  
net higher at 50 1/2 to 50 3/4.

Oats declined to sag on account  
of the absence of export call. De-  
cember sold from 31 1/2 to 32 1/2, with  
latest transactions 1/4 off at 31 1/2 to  
31 3/4.

Lower prices for hogs tended to  
pull down provisions.  
The chief setback was in January  
pork, 7 1/2c.

**HEADACHE?—IT'S YOUR LIVER.**

Too Many People Take Headache Powders When a Liver Tonic is Needed.

**Try Olive Tablets—The Substitute for Calomel.**

Anyone who takes Dr. Edwards' Olive Tablets the moment he suspects his liver or bowels, will never have headache.

There is no necessity, when you take Olive Tablets, of following them up with nasty, sickening, griping salts or castor oil, as you should after taking calomel.

Olive Tablets do not contain Calomel or any other metallic drugs, they are a purely vegetable compound mixed with olive oil, sugar-coated, easy to take, and never gripe or cause weakness.

Thousands of people take one every night at bedtime just to prevent disorder of the liver, constipation, bad breath, pimples, headache, etc.

Dr. Edwards, calomel's old enemy discovered the formula for Olive Tablets after seventeen years of practice among patients afflicted with liver and bowel troubles.

Try them for a week. Take one on retiring nightly.

"Every little Olive Tablet has a movement all its own." 10c and 25c per box.

## Clogged-up Bowels Menace to Health

Constipation at Bottom of Most Serious Illnesses—Avoided by a Simple Remedy.

Trace the origin of the commoner ills of life and almost invariably you will find that constipation was the cause. It is not to be expected that a mass of fermented food can remain in the system beyond its time without vitiating the blood and affecting the nerves and muscles. It congests the entire body.

The results are colds, fevers, piles, headaches and nervousness with its accompanying indigestion and sleeplessness. There is only one thing to do, and that is to remove the trouble; and as nature seemed unable to do it, outside aid is necessary. You will find the best of all outside aids a remedy that many thousands are now using for this very purpose, called Dr. Caldwell's Syrup Pepsin. Many hundreds of letters are received by Dr. Caldwell telling of the good results obtained, and among the letters have been very enthusiastic ones from Mrs. Sadie Weir, Marquette, Mich., and Mr. J. B. Stephens, 224 Main St., Joplin, Mo., who rely entirely on Syrup Pepsin in these emergencies.

It has untold advantages over pills, salts and the various coarse cathartics and purgatives, for while these do but temporary good, Syrup Pepsin cures permanently. The effect of its action is to train the stomach and bowel muscles to do their work naturally again, and in a short time all forms of medicine can be dispensed with. It can be bought without inconvenience at any nearby drug store for fifty cents and one dollar a bottle, the latter size being regularly bought by those who already know its value.

Syrup Pepsin is so mild and free from any form of narcotic that it will be found effective in the most stubborn case of constipation which has resisted all other remedies.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 413 Washington street, Monticello, Ill., and a free sample bottle will be mailed you. Results are always guaranteed or money will be refunded.

**COLDS DO NOT CAUSE CATARRH BAD BLOOD DOES**

A cold will usually aggravate the symptoms of Catarrh, just as it may increase the pains of Rheumatism. But the cold has no more to do with the real cause of the one than with the other. Bad blood is the underlying cause for Catarrh; the circulation is infected with impurities which are deposited into the mucous membranes causing inflammation and irritation, followed by excessive secretion of the nose and throat, roaring sounds in the ears, neuralgia, inflamed eyes, etc. Being a deep-seated blood trouble, the Catarrh must be treated constitutionally, for it is beyond the reach of local treatment. The blood must be purified—the cause removed before a cure can be effected. S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter and at the same time building up the system by its fine tonic effects. In other words S. S. S. cures the trouble by supplying the mucous membranes with healthy, life-giving blood instead of saturating them with catarrhal impurities. Special book on Catarrh and any medical advice free to all who write and request same. S. S. S. is for sale at drug stores.

## MORTUARY

**Kloker.**  
Sunday at 2:30 p. m. Mrs. Thomas Kloker died at the home of her son Henry in Arenzville. She was born in Germany but had been a long time in this country and at the time of her death was 79 years, four months and 26 days old. She was a consistent member of the St. Peter's Lutheran church west of Arenzville and was a lady of many fine qualities and was greatly respected by all who had the pleasure of her acquaintance. She reared a fine family and left them the heritage of a good name. Her children who survive her are Henry of Arenzville, Edward of Bluff Springs, Louis, Jr., of Rushville, Fred of Jacksonville and Mrs. Henry Maier of Beardstown. Her husband died seven years ago.

The funeral will be conducted at St. Peter's Lutheran church Wednesday at 1 o'clock.

**Hacker.**  
Robert Hacker died Monday at 10:30 a. m. at his home, a mile and a half northeast of Concord. He was afflicted with tuberculosis and was 34 years, three months and seven days old. He leaves a wife and one child four years old and one three weeks old, three brothers and two sisters. He was born in Kentucky and had lived in this state ten years. The remains will be shipped today to Morristown, Tennessee.

**Moore.**  
The funeral services of Mrs. Margaret Moore, were conducted Sunday morning from the St. Mark's church in Winchester in charge of Rev. Father Bell. There was a large concourse of friends present to pay a last tribute of respect to one held in high esteem. The flowers were very beautiful and many. They were cared for by Miss Hazel O'Donnell and Miss Theresa Guinnan.

Interment was made in the Winchester cemetery and the bearers were six nephews as follows: Charles O'Donnell, William O'Donnell, Thomas O'Donnell, John O'Donnell, Charles O'Donnell and Daniel Ryan.

**Riggs.**  
The funeral services of Dr. Roy Riggs were held Monday morning at 10 o'clock from St. Mark's Catholic church in Winchester in charge of Rev. Father Bell and interment was made in Winchester cemetery.

**Whiting.**  
Miss Rebecca Whiting, aged 71 years, died Sunday morning at 5 o'clock at the Old People's Home on Grove street, after a lingering illness of sclerosis of the liver. The deceased had been at the home for more than a year.

Funeral services over the remains of Miss Whiting and Rev. W. C. Paine were held at the home Sunday afternoon at 2:30 o'clock in charge of Rev. Clyde Darsie, pastor of Central Christian church. Music was furnished by a quartet composed of Miss Graham, Mrs. James Campbell, C. L. Mathis and Mr. Harney. The remains of Mr. Paine were sent to Revere, Mo. Sunday evening for interment. The remains of Miss Whiting were interred in Diamond Grove cemetery Monday afternoon at 3 o'clock. A passage of scripture was read at the home by Rev. Mr. Darsie and at the grave prayer was offered by A. C. Rice. The many beautiful flowers were cared for by Mrs. Thornberry and Mrs. Rawlings. The bearers were A. C. Rice, William Coleman, S. Thornberry and John Carroll.

**HAD CLOTHING STOLEN.**  
Miss Marie Brainer has returned from a visit with her sister, Mrs. Noah Henline at Bloomington. A week ago Friday night thieves broke into the Henline home, through a bedroom window, while there was no one in the house, and stole Mrs. Henline's wedding dress, her hat, and the best of her wearing apparel. They took every coat and vest belonging to Mr. Henline but left the trousers. The jewelry that was in the house the thieves did not disturb. Several other families of Bloomington have reported clothing stolen.

Chicago—Application for a receiver for the assets of the Wisconsin & Michigan Railway company syndicate was filed in the circuit court today. Charges were made that J. N. Faithorn, surviving manager of the syndicate, and the late John R. Walsh, pledged and hypothecated \$905,000 of bonds belonging to the syndicate, to secure certain debt Walsh and his sons had contracted.

## WILL DECIDE CHAMPIONSHIP

Jacksonville's Football Games With Springfield Thanksgiving Day Will Settle Central Illinois Title.

From the way the football dope looks now, Jacksonville is yet to figure in the championship race for honors among the Central Illinois high schools. Already Springfield is claiming the honors because of their victory last Saturday over Taylorville by a score of 15 to 0. The fact that Springfield was held scoreless by the Jacksonville eleven, on the local field some three weeks ago and that the two schools are to clash on Thanksgiving day, still shows that Springfield must win the turkey day game from J. H. S. in order to rightly lay claim to the title.

It does not make much difference what minor high schools have won honors from the larger ones, so long as the big schools have to fight it out to the last ditch. Springfield may have been scored against and beaten by a much smaller school, that had no chance of figuring in the championship dope, and yet that school, would not be in the running. Champaign, although they won by a big score from Jacksonville, they are practically out now for the simple fact that they cancelled the game with Springfield, for the reason, it is said, that they feared the Capital City lads.

Taylorville has claimed the honors in their section of the state, from the succession of victories that have been justly won. They, however, ran up against a snag in the contest with Springfield Saturday and so the latter pig skin chasers lay claim to Taylorville's line of victories. Springfield has yet to play Urbana, next Saturday and also Mattoon. Jacksonville will go to Tuscola next Saturday to strive for honors against the high school of that place and the following Saturday they will play the Bloomington high school on Illinois college field.

Coach Buland expects to put his men through some of the best work of the season, in the days to come, in preparation of the Tuscola and Bloomington games, and especially for the big struggle Thanksgiving day with Springfield. The coach is going to see that the men keep good hours and obey all the rules and regulations. It stands the men in hand to be in the best possible physical condition if they are going to bring honors to the red and white. The J. H. S. squad can turn the trick, if they want to, the "stuff" is there.

## ARTISTS' COURSE

Lorado Taft, the well known sculptor, was the attraction last night at the artists' course that is being given under the auspices of the Woman's college. Mr. Taft resides in Chicago and he is accounted one of the best informed men on the subject and there are few sculptors in this country, who have risen to prominence, at some time in the life have not been pupils of Mr. Taft.

His lecture last night was amply illustrated with stereopticon views of the finest kind. He showed the different stages the work has passed through in this and foreign countries. Mr. Taft has the happy faculty of cutting out the dry lecture and his entertainment being sprinkled with plenty of humor, that the large audience was more than pleased. It was a lecture that one would have to hear and see in order to really appreciate its unusual merits, and revelations.

The next attraction will be Dec. 14, when Prof. Clark, head of the speaking department of the University of Chicago, will give a recital.

## HELD MASQUERADE PARTY.

A masquerade party was given Monday night at the home of Miss Gertrude Fernandes on Pine street. The guests included members of Northminster church, mostly those belonging to the choir. All came masked and it was indeed a merry crowd who gathered to spend the evening. The time was spent in games and social converse and prizes were won by Mrs. J. D. Hood and Miss Lillian Smith. The house was attractively decorated in the autumn foliage and during the hours substantial refreshments were served.

## NEWSBOY'S SACRIFICE MAY HAVE BEEN IN VAIN

Girl Who Was Prostrated With Grief at Boy's Death Has Never Rallied and is Now Critically Ill With Pneumonia.

Gary, Ind., Nov. 11.—"Billy" Rugh's sacrifice of his life to save that of Miss Ethel Smith when he gave 150 square inches of his skin to graft on her burns probably will be in vain. Miss Smith was prostrated with grief when she heard of the heroic newsboy's death and never rallied. She was taken today to the Gary hospital critically ill with pneumonia with which she was seized following her relapse.

Rugh allowed his leg to be amputated to furnish the skin for Miss Smith, who was badly burned in a gasoline explosion while riding a motorcycle. He died from shock after the operation. Almost his last words were an encouraging message to Miss Smith whom he had never seen and for whom he made the sacrifice simply through reading in the newspapers of her need.

Norfolk, Va.—Eleven battleships and ten torpedo boats are said to have fought a realistic battle off the Virginia capes today and tonight. The firing of the guns shook half a dozen cities and towns along the coast and in many places the tremors were attributed to an earthquake.

Monday evening at Colonial Inn the members of the Jeffries concert band entertained the members of the cast and those who assisted in the recent minstrels at a banquet. Covers were laid for fifty and the dining room was very beautifully decorated in red. After a sumptuous five course dinner had been served a number of toasts were given with J. Bart Johnson, director of the band, acting in the role of toastmaster. Among those who responded were Dr. R. R. Buckthorne, Miss Irene Spears, and Harold Johnson. A quarter gave two selections and the evening proved a most enjoyable one.

Rev. Arthur Ewert occupied the pulpit at Grace church at both morning and evening services Sunday and was heard in two forceful sermons. At the morning service he took for his text Luke 5:4-10, "Launch out into the deep. So shaft thou win men," and at the evening service, Luke 4:14, "Jesus returned in the power of the spirit into Galilee." At the morning service he developed the theme of making the most of the possibilities of life and in the evening he developed the same theme by showing how important a small sphere may become when occupied by a large soul.

New York, Nov. 11.—Frederick Judson, a Philadelphia broker, was taken to the J. Hood Wright hospital this afternoon suffering from several stab wounds inflicted, he said, by an unknown assailant while he was visiting a Mrs. Otto Denicker in a fashionable uptown apartment house. He probably will recover.

Mrs. Denicker, who is the wife of a Fifth Avenue real-estate broker, accompanied detectives to a police station, where she said Judson met her on a train coming from Boston to New York about two weeks ago and promised to call at her home when he visited this city. Recent Election Promises to Change Personnel of the Ambassadors.

Washington, Nov. 11.—Charles Page Bryan, United States ambassador to Japan today tendered his resignation to President Taft who reluctantly accepted it. Mr. Bryan gave ill health, brought on by a carriage wreck in Japan, as his cause for resigning.

Although a general change in the personnel of the ambassadors of the United States was expected as a sequence to the recent election, Ambassador Bryan is the first of the diplomatic corps formally to tender his resignation to President Taft. Mr. Bryan departed from Tokio, on leave of absence in September. He had previously arranged to absent himself from his post but was prevented by the death of the Japanese emperor, which event caused him to defer his departure until after the funeral of the dead ruler.

Mr. Bryan is a native of Chicago. After completing his education at the University of Virginia and the Columbian college law school he practiced law in Colorado. He entered the diplomatic service in 1897 and before going to Tokio in 1911 had served as minister to China, Brazil, Switzerland, Portugal and Belgium.
